

MARAH LIGHT

I am a textile design major. I grew up in Lebanon County, PA. My freshman year was a fantastic one. I did a lot of fun activities with my friends and my classes were pretty great. Almost every weekend that there was an event on campus my friends and I went. We had a good time dressing up for casino night, played bingo until late into the night, and laughed until we cried at the comedians. When we weren't out having fun, we were in class or doing homework. It takes a lot longer than it did in high school, but now our homework is about topics we like. The year went by so fast and I am excited to see what next year will bring.
